

12V Underwater Fishing Light Waterproof IP68 Squid Fishing Lights

Our Product Introduction

Basic Information

- Place of Origin: Shandong China
- Brand Name: Sunrise
- Certification: ISO
- Model Number: 523
- Minimum Order Quantity: 100 Pieces
- Price: 68 USD/Piece
- Packaging Details: Negotiated / Standard Package
- Delivery Time: Negotiated / 20 Working Days After Payment
- Payment Terms: T/T
- Supply Ability: 10000 Pieces/Month

Product Specification

- Product Name: Latest Underwater Waterproof IP68 Squid Fishing Gathering Lights 12V
- Material: 316 Stainless Steel/ PC
- Working Time (hours): 50000
- Input Voltage(V): 9-32
- Color Temperature(CCT): Green
- Working Lifetime(Hour): 50000
- Working Temperature(): -30 - 60
- Color: White, Green, Blue
- Highlight: 12V Underwater Fishing Light, Underwater Fishing Light Waterproof IP68, Waterproof IP68 Squid Fishing Lights

Product Description

Latest Underwater Waterproof IP68 Squid Fishing Gathering Lights 12V

Products Description

Wide Rang: This light has six-sided illumination(360 degree) and a 180 degree bottom

Latest Underwater Waterproof IP68 Squid Fishing Gathering Lights 12V Description

illumination High Brightness: 297pcs LEDs , 41.8watt @ 12V, more than 4000 lumens in white with a wide DC 9~32V range

Special Design: Unique hexagonal Design to prevent rolling on the deck, external stainless steel rods prevent the lamp body from being impacted

Long Lifetime: Hollow body, the best heat dissipation to ensure long-term stable operation

Green/Blue color Fishing Light

Underwater fishing light waterproof is IP68

LED color:Green,Blue

Warranty:2 years

White color Underwater Fishing Light

Underwater Fishing Light Waterproof Grade:IP68

Led color:White

Warranty:2 years

Fishing Light Cigarette Socket for Battery

Fishing Light Wire(10m)

Waterproof IP68 Underwater Fishing Light Specification				
Part.No	Power (W)	Emitting Color	Output (watt)	Luminous Flux(Lm)
WKFL-5050G	297X 0.5W	Green	38W	1829
WKFL-5050B	297X 0.5W	Blue	36W	1098
WKFL-5050W	297X 0.5W	White	42W	4042

How can I place the Latest Underwater Waterproof IP68 Squid Fishing Gathering Lights 12V Order?

1. Confirm Specification as below:

Part.No:?

Emitting Color: Green/Blue/White?

Quantity:?

2. Quotation:

3. Confirm the PI

4. Delivery

Any question, Please contact us, we will be always here for you

Underwater waterproof IP68 squid fishing gathering lights are specialized lighting devices used by squid fishermen to attract squid to the surface of the water, making them easier to catch. Here's some information about the latest models of these lights:

IP68 Waterproof Rating: The IP68 rating signifies that these lights are highly waterproof and can be submerged in water without damage. This level of waterproofing is crucial for underwater applications.

12V Power Supply: Most of these squid fishing gathering lights are designed to operate on a 12V power supply. They are typically connected to a 12V battery or power source for their operation. Ensure you have a suitable power supply to run the lights.

LED Technology: These lights often utilize LED technology. LEDs are energy-efficient, durable, and produce a bright and attractive light that can attract squid.

Color and Brightness: The color and brightness of the light emitted by these devices can vary. Some models may offer adjustable color and brightness settings to attract squid effectively.

Mounting and Deployment: They typically come with mounting options or attachments that allow you to deploy them in the water. Common methods include attaching them to a fishing line or rig.

Battery Life: Check the battery life of the lights to ensure they can last for your entire fishing expedition. Some models may

have longer-lasting batteries than others.

Durability: These lights are designed to withstand the rigors of underwater use and the marine environment. Look for models with robust construction to ensure they can handle the conditions.

Remote Control: Some models may come with remote controls, allowing you to turn the lights on and off or adjust their settings from a distance.

Regulations: Depending on your location and the type of squid fishing you're doing, there may be regulations regarding the use of underwater lights. Make sure to comply with local fishing regulations and guidelines.

Effectiveness: It's important to research and choose a model known for its effectiveness in attracting squid. You can often find reviews and recommendations from other squid fishermen to help you make an informed decision.
